Yes, I agree. For Region 9, I can be the point of contact for Region 9.

Subject: Wrapping up the 2pm congressional/elected/locals calls

Hi all,

I think we are coming to the end of the need for the 2pm update calls. Out of the over 200 invited, there were 46 on yesterday's call – BTMeet me doesn't have a list. They CAN do that, but it would require all participants to provide their name and email in order to enter the call. I do not think instituting that for that last couple of calls is a good idea, so I am planning to do an operator-assist call again, but without that option.

On both the invite for tomorrow's call and on the call itself, I would like to announce that Tuesday, 8/25 will be our last update call and that information can be found:

1. On our website <http://www2.epa.gov/goldkingmine>
2. Through state or local sources: <http://www2.epa.gov/goldkingmine/gold-king-mine-resources-information>
3. By calling EPA's toll-free hotline number: 844-607-9700
4. Or by calling your Regional contact directly.

For Region 8, which includes CO and UT, that is Rebecca Russo, 303-312-6757,
russo.rebecca@epa.gov

For Region 6, which includes NM, that is ... David, who would you like to put at the POC

For Region 9, which includes NV and the Navajo Nation, that is ... Brent is that you?

Does everyone agree with this approach going forward?

Thanks,

Rebecca
